PRE-UNIVERSITY COURSES

PURPOSES

The Division offers three pre-university courses, Mathematics, Chemistry, and English. They are similar to Grade 13 Mathematics, Chemistry and English but require the type of performance which will be expected of applicants in the first year of University study in Arts and Science.

These courses are designed to assist persons who wish to become eligible as "mature" students for admission to the University of Toronto. They may also serve as refresher courses for persons who desire preparation for more advanced courses. In addition, the mathematics course is intended to assist students whose graduate study involves the use of statistics and calculus and who feel that they need a stronger foundation in mathematics.

MATURE STUDENT

A person who has attained the age of 25 and who has obtained a minimum of 60% in at least one grade 13 subject or equivalent may apply for admission to certain University of Toronto degree and certificate programmes, without having the complete grade 13 requirements which are normally prescribed. Some programmes with scientific content may require more than one grade 13 subject.

The pre-university courses are accepted by the University of Toronto as the equivalent of grade 13 courses.

Possession of the minimum requirements does not ensure selection.

COUNSELLING

Prospective students who wish to enroll in a pre-university course are requested to telephone 928-2405 to arrange a counselling appointment with a staff member of the Division.

TEXTBOOKS

Prescribed texts may be ordered from the University of Toronto Textbook Store by telephoning 928-2225. Books and invoices will be mailed to students. For those who wish to visit the Textbook Store personally, it is located at 12 Bancroft Avenue (north of College Street and east of Spadina Avenue).

PRE-UNIVERSITY ENGLISH

CONTENT

This course will provide students with an opportunity to survey a broad spectrum of English literature in considerable depth. The minimal programme will include study of about 600 lines of poetry and at least four novels and four plays. Students will have an opportunity, through written assignments and essays, to improve their composition skills.

Two selections which should be read before the course commences are The Scarlet Letter and Death of a Salesman.

TEXTS

A list of the required textbooks for this course will be sent to registrants.

PREREQUISITES

Students are expected to be familiar with a moderate range of literature and to have complete secondary school English courses to the level of Grade 12. Students who are learning English as a second language are not advised to take this course.

FEE

\$95.00

DURATION

July 7 to August 15, 1969, 9:00 a.m. till 12:00 noon, Monday through Friday, St. George Campus.

PRE-UNIVERSITY CHEMISTRY

CONTENT & PURPOSE

Pre-University Chemistry is a preparation for university chemistry. It is similar to Grade 13 Chemistry but requires the type of performance which will be expected of applicants in the first year of University study. Students who successfully complete the course will receive preparation which will be suitable for entering courses for which Grade 13 Chemistry is a prerequisite.

This course is designed to assist persons who wish to become eligible as "mature" students for admission to the University of Toronto. It may also serve as a refresher course for persons who desire preparation for more advanced courses.

PREREQUISITE

Students with less than Ontario Grade 12 Chemistry or its equivalent are not advised to take this course.

TEXT

F. A. Cotton and L. D. Lynch, Chemistry--An Investigative Approach, 1968 ed., Thomas Nelson and Sons (Canada) Ltd.

FEE

\$100.00

DURATION

May 20 to August 28, 1969, Tuesday and Thursday evenings, 7:00-9:00 p.m., St. George Campus.
